

Hello, I'm
ABHISHEK SAHA.

I'm a Graphic, UI/UX, Web Designer and Front-end developer based in Kolkata, India. People know me as 'Pixabuddy' in the field of designing. I'm 23 years old. I'm inspired by a lot of things, but most of all probably, technology, travel, nature, and music. I spend most of my free time reading design books and visit the designer's community such as Dribbble, Behance, Pinterest looking for new design sources of inspiration.
